

# Useful Health Information Websites

## Other Services Offered by Health Educators in the Patient & Family Health Education Center

### Chat online with a Health Information Search Specialist

Health educators in the Cleveland Clinic Center for Consumer Health Information are available to chat with you online, in real time (ie., just like instant messaging) and can:

- Provide you with web page links and resources about your condition or treatment
- Help you find a Cleveland Clinic physician or surgeon to diagnose and/or treat your condition
- Give you information about how to make an appointment or get a second opinion at Cleveland Clinic
- Provide visitor information and resources about Cleveland Clinic

### What do I need to do to interact with the health educator Online?

Before you start your chat, a pre-chat questionnaire will ask for your name, date of birth, and a brief description of the type of information you are seeking. This will help the health educator locate information for you more quickly. You may also be asked to provide your email address or phone number in case the chat is disconnected unexpectedly. The information you provide and receive is secure and will not be shared with anyone. At the end of your chat, you can ask for a transcript to be emailed or mailed to you.

Please understand that the online health educators cannot provide medical diagnosis or treatment advice.

Medical information provided by Cleveland Clinic, in the absence of a visit with a health care professional, must be considered an educational service only.

Chats take place online, Monday through Friday from 10:00 am through 1:30 pm, at [www.clevelandclinic.org/health](http://www.clevelandclinic.org/health)

If you prefer to talk to a health educator directly, please call us toll free at 800.223.2273 ext. 43771, or 216.444.3771, or send an email to [healthl@ccf.org](mailto:healthl@ccf.org)

### Where can I find more information on Chat with a Health Information Search Specialist?

Visit the Center for Consumer Health Information's homepage for more information about this feature: [www.clevelandclinic.org/health/liveperson-chat](http://www.clevelandclinic.org/health/liveperson-chat).

Live Online Chats with Cleveland Clinic Health Care Professionals

Are you confused or concerned about a health issue? Do you have questions about the newest treatments and therapies?

Now you can have your questions answered directly through interactive conversations led by Cleveland Clinic physicians and health educators. All chats occur at 12:00-1:00 pm EST. For more information on the web chats, visit: [www.clevelandclinic.org/webchat](http://www.clevelandclinic.org/webchat)

The Patient & Family Health & Education Center

Looking for General Health or Cardiovascular Information? Visit our resource center located on the first floor of the Glickman Tower. The resource center is open Monday through Friday, 8:00 am to 5:00 pm. At the center, you can receive personalized health and/or cardiovascular information from our staff of health educators. They can provide a variety of reputable, health information resources, including online databases, websites, newsletters, and Cleveland Clinic publications. Stop in and chat with us!

The Patient & Family Health & Education Center also completes requests for general health and cardiovascular information made by mail, phone, fax, and by e-mail:

- General Health Information Request  
Phone: 216.444.3771 or  
800.223.2273 x 43771
- To request health information by other means:  
Web: [www.clevelandclinic.org/health](http://www.clevelandclinic.org/health)  
Email: [healthl@ccf.org](mailto:healthl@ccf.org)  
Fax: 216.636.1844
- To talk to a 'live' Heart and Vascular Institute nurse,  
Phone: 866.289.6911

[illegible]

Center for Consumer Health Information - Desk Q1-2  
9500 Euclid Avenue, Cleveland, OH 44195  
216.444.3771 or 1.800.223.2273, ext. 43771  
Hearing Impaired (TTY) Assistance: 216.444.0261  
[www.clevelandclinic.org/health](http://www.clevelandclinic.org/health)

This information was compiled as a service of the Patient & Family Health and Education Center, a division of the Cleveland Clinic Center for Consumer Health Information.
